

INTERNAL TURRET MOORING SYSTEM

Trusted Design | Quality Workmanship | Proven Experience

THE PINNACLE OF THE SOFEC PRODUCT LINE

SOFEC, Inc. is a leader in the development and supply of Single-Point Mooring (SPM) systems, and is continually engaged in research involving new and improved tanker mooring systems and associated components.

From Marine Terminals on a fast track basis to turnkey developments for an FPSO or FLNG, SOFEC has the technology, experience, and resources to get the job done on time and on budget.

Turret moorings permit the moored vessel to weathervane 360 degrees, allowing for continual operations in extreme sea conditions.

Using model test data in conjunction with computer analyses to optimize system designs, SOFEC is unsurpassed in producing the highest quality systems at the lowest possible cost.

A Global Leader in the supply of Turret Mooring Systems
