

AFTERMARKET AND ASSET INTEGRITY SERVICES

World Class Installation Support | Unparalleled Aftermarket Services

THE SHIELD OF THE SOFEC PRODUCT LINE

ASSET INTEGRITY SERVICES

SOFEC is committed to the best value on your Single Point Mooring and Spread Mooring system assets. We offer knowledge and our expertise of these systems together with bespoke inspections, integrity reviews and condition monitoring services to provide you the best advice in terms of operations, maintenance, modifications and life extensions for these systems.

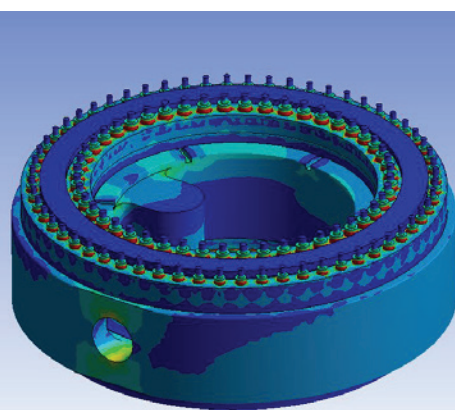

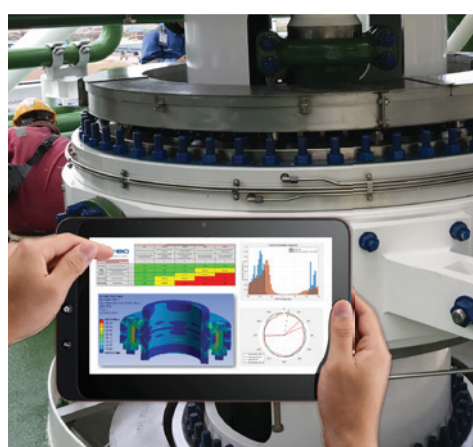

SOFEC provides the following support and services:

Inspection Support and Integrity Reviews

- Performance of Annual Surveys of Tower Yoke and Turret Mooring Systems, and CALM Buoy equipment by trained and specialized SOFEC inspectors
- Creation of inspection programs for 3rd parties (mooring, structure, process equipment)
- Provision of Integrity Assessments and fit-for-purpose Engineering Analyses by in-house subject matter experts based on (3rd party) inspection reports

Condition Monitoring Services

- Bearing grease monitoring – detecting premature wear in the Main and Swivel Bearings
- Implementation of Condition Monitoring Systems for critical components
 - Station keeping and Motions Monitoring Systems
 - Mooring and Anchor Leg Monitoring Systems
 - Swivel & Bearing Monitoring Systems
- Real-time condition monitoring (component and system status)
- Long term operational performance assessment
- Advanced Analytics (Digital Twin) solutions for Predictive Maintenance

AFTERMARKET SERVICES

Established in 1972, SOFEC, Inc. has provided proven marine terminals and floating production solutions to customers worldwide. These industry-leading systems are backed by a commitment to customer service that runs throughout the entire organization.

SOFEC Systems

- Permanent Internal Turret Moorings
- Disconnectable Turret Moorings
- External Cantilevered Turret Moorings
- Innovative Spread Moorings
- Tower Yoke Moorings
- Marine Import / Export Terminals

Global Service Capabilities

- Technical Services
- Spare Parts
- Equipment Upgrades/Retrofits/Overhauls
- Installation and Commissioning Support
- Training and Consulting
- Life Extension Evaluation and Support

Technical Services

SOFEC's first priority is to provide world class customer service – whether it be a planned inspection, an overhaul of the entire system, or unplanned fast-reaction repair services.

Technical Services Offered:

- Site Repairs
- Repair Parts
- Inspection / Testing
- Shipyard Technical Assistance
- Complete Overhauls and Rebuilds
