FOR IMMEDIATE RELEASE

SOFEC Awarded Two CALM Buoys for the Dongying Port Refinery

Houston, 22 February 2023 – SOFEC is pleased to announce that it has been awarded an EPC project by the Shandong Minda Logistics Co. for the Dongying Port Refinery Project in Bohai Bay. SOFEC will provide the client with two complete import CALM Buoy systems in 23.5m water depth that will moor crude oil tankers up to 300,000 DWT. Each turntable style CALM Buoy system supports an import flow rate of 9,000m³/hour through a 48” pipeline to the refinery via a booster platform. The Dongying Port Refinery Project is a unique facility that will enable the import of hydrocarbons in the region and SOFEC is excited to supply the first import buoys into China’s Bohai Bay. SOFEC thanks Shandong Minda Logistics Co. for entrusting SOFEC with the opportunity to work on this world-class project.

About SOFEC

Established in 1972, SOFEC, Inc. is an industry leader with proven expertise in marine terminal and floating production system concept, design, fabrication, installation, delivery and service. SOFEC is a proven turnkey supplier of marine terminals, turrets and other innovative mooring systems, riser and swivel systems, and service buoys. Mooring systems for FPSOs and FSOs include permanent and disconnectable turret moorings, external turret moorings, innovative spread moorings, tower yoke moorings and import/export marine terminals. SOFEC is based in Houston, Texas with approximately 200 employees.

SOFEC has delivered over 100 mooring systems for FPSO/FSOs and marine terminals around the world. For more information, visit www.sofec.com.
