

MARINE CONSTRUCTION 2002 CONFERENCE
Houston, TX
7 February 2002

Title: Construction of a Very Large Turret

Authors: Charles Garnero and Rick Corder

Abstract: FMC SOFEC will be presenting methods of construction for a Very Large Turret (VLT) mooring system with the capacity to support 100 risers. Installation of the large diameter turret into a VLCC vessel at sites worldwide will be discussed. Consideration of heavy lift options and work integrations will be presented for a cost effective installed system.
